Alcona Township Fire Department
Board Report
October 13, 2009
13

Loyd Langmaid has expressed a desire to return to the department in a limited capacity. I sent a letter to Pam Ashford at Alcona Health Center seeking approval for Loyd's return, a copy of which is attached.

We are moving the compressor unit from East Bay to Black River. I have two estimates for Black River and East Bay.

1. Thiem Electric 897.15
2. Karl's Electric 575.00

I received a letter from Air Source One, Inc. advising me that they had filed for chapter 7 bankruptcy. A copy of that letter is attached. Our agreement with Air Source One, Inc. was to be until March 2010.

Respectfully submitted,

Ralph M. Klotz, Chief
