

**Alcona Township Fire Department  
Board Report  
December 8, 2009**

The Director of the Safety Department for AAA Insurance Company has approved our grant application for the "Jaws of Life." We should receive a check for \$15,600 from AAA within the next week, for this purchase.

I would like to thank Rick Rossell, from R&R Fire Truck Repair, for his help in writing the grant. I would also like to thank Sheriff Doug Atchison for recommending ATFD for this grant.

Deputy Chief Kamischke, has information on an upcoming class. It is possible that four fire department personnel will be attending.

Respectfully submitted,

Ralph M. Klotz, Chief
